

Following our earlier announcement, due to current pandemic situation, the International Summer School on Deep Learning has been reorganized into a virtual event that will be held on the week of Aug 31st 2020. This virtual event will span over 3 days of workshops. If you have already registered for ISSonDL 2020 your registration has been preserved and applied to this virtual event – at this moment you do not have to take any action. We will publish more information soon.

If you haven't registered yet you still have a chance! The registration has been re-opened.

Attendance is free of charge for both existing and new registrations!

Below you can find a preliminary workshops schedule (**MORE LECTURES SOON!!!**).

	Mon, 31.08.2020	Tue, 01.09.2020	Wed, 02.09.2020	Thu, 03.09.2020
--	-----------------	-----------------	-----------------	-----------------

12:00 - 13:45	Python for Machine Learning <i>Maciej Szankin, Intel, USA</i>			Conference on AI Inference in Practice
14:00 - 15.45	Machine Learning - from regression to Artificial Neural Networks <i>Jacek Rumiński, Gdansk University of Technology, Poland</i>	Introduction to Explainable AI <i>Wojciech Samek, Germany</i>	CV: Semantic Segmentation <i>Alexandr Kalinin, University of Michigan, USA</i>	
16:00 - 17:45	From ANNs to Convolutional Neural Networks <i>Alicja Kwasniewska, Intel, USA</i>	RNN and LSTM architectures <i>Alfredo Canziani, NYU Courant Institute of Mathematical Sciences, USA</i>	CV: Instance Segmentation <i>Xavier Giró, Universitat Politècnica de Catalunya, Spain</i>	
18:00 - 19:45		Reinforcement Learning <i>Łukasz Kidziński, Stanford, USA</i>
